

Lock yourself into a pain-free drive

CG-Lock

Price: £49.99 **Contact:** 08701 245 625 www.cglock.co.uk

LOWER back pain is generally accepted as a by-product of long car journeys, but it needn't be that way. CG-Lock is a novel method of alleviating the dull ache modern seats can inflict. Quickly installed, it allows you to pull on the shoulder strap of your existing belt and 'lock' the lap section into place.

The maker says that this race harness-style position holds your spine firmly and increases lumbar support, and claims the lock offers improved comfort. It can also be used to improve the performance of standard seatbelts for track-day goers.
