INGEAR
 THE STUFF OF MOTORING DREAMS

GADGETS 11

(with a choice of black or carbon fibre look). It costs around £20 for a single pod and £24.50 for a double unit, depending on the vehicle. There's a choice of black or carbon fibre look. Ring 01525 853 888 (www.rgmstyling.com) for more information

SITTING TIGHT
 Racing and rally drivers have full harnesses so they don't get thrown around during high-speed cornering. While a harness would be a bit much for road use, by using the CG-Lock you can gain much of the benefit at a fraction of the cost. The device simply fixes the belt at the correct size for you, and stops it unrolling further, so you stay in place with your back tight against the lumbar support. It costs £49.99 from CG-Lock on 08701 245 625 (www.cglock.co.uk)
