### SUBMISSIONS WELCOME

SportsCar welcomes submissions of relevant motorsports products. Please send a description of the product, including price, and a color photograph to SportsCar TrackBag, 1371 E. Warner Ave., Suite E, Tustin, CA 92780.

#### ▲ C&R RACING UNIVERSAL OIL HEATER

C&R Racing's new Universal Oil Heater is able to heat two quarts of oil to 200 degrees Fahrenheit in eight minutes, the company says. Thermostatically controlled, the heater has an on-board pump that circulates the oil. The heater weighs 25lbs. and can be used to heat rear ends, transmissions and water systems. For more information, call C&R Racing at (317) 293-4100; or see the company's Web site at [www.crracing.com](http://www.crracing.com).

#### ▼ MATHER AUTOMOTIVE INNOVATIONS CG-LOCK

The CG-Lock is a stock seat belt add-on that attaches to the tongue of a typical seat belt and is designed to hold the driver in tight during performance driving, the company says. Mather Automotive Innovations stresses that the CG-Lock is not a safety device, but is rather intended to provide an estimated 80 percent of the "holding power" of a racing harness. For more information, see [www.cg-lock.com](http://www.cg-lock.com).

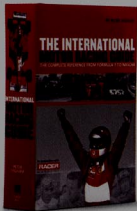

#### ▲ HEELTOE AUTOMOTIVE NRG-CELL RACING BATTERY

Heeltoe Automotive says its new NRG-CELL Racing Battery is fully sealed and non-spillable, allowing it to be mounted in any orientation. The lead-acid battery measures 3.25in.x6.875in.x5in. and weighs 11.5lbs. The 12-volt, deep-cycling battery is available for \$139.95 from the company at [www.heeltoeauto.com](http://www.heeltoeauto.com); or call them at (949) 584-6659.

#### INTERNATIONAL MOTOR RACING GUIDE ▼

The second edition of the International Motor Racing Guide has just been released from David Bull Publishing. With 912 pages, the book is full of statistics, history and photos. The book covers major championships and races from 1894 to the present, features an A to Z directory with more than 2000 drivers and track maps of major world racing circuits. The book is available for \$49.95 from David Bull Publishing at [www.bullpublishing.com](http://www.bullpublishing.com); or call (800) 831-1758 to order.

#### ◀ DEWALT CORDLESS/CORDED PORTABLE WET-DRY VACUUM

Need a shop vacuum? DeWALT introduces its new DC500, which it says is the first cordless/corded two-gallon wet-dry vacuum. The vacuum can be run off AC power or DeWALT 12-, 14.4- and 18-volt battery packs (not included). The vacuum includes a washable and reusable GORE™ wet/dry filter and a drain port for draining liquid without removing the lid. For more information on the MSRP \$99 vacuum, contact DeWALT at (800) 4-DEWALT; or find them on the Web at [www.dewalt.com](http://www.dewalt.com).
