

PRESS RELEASE

For immediate release in new product feature

Are you losing the battle on the way to the race?

You want the competitive edge yet it's not uncommon to see fit competitors stretching and yawning as they climb out of their car.

But, here's a secret weapon available to have you arriving ready for the fight.

The CG-Lock clips on to your seatbelt, keeping you secure and preventing you from slipping into the poor posture that causes, particularly, lower back pain and fatigue.

It takes seconds to fit and can be easily transferred from one vehicle to another, making it a steal at under £50.
