

CG LOCK

WIN

Whether you're looking to better your performance on the track or just stop that nagging back ache while driving this handy little attachment could be the answer you're looking for.

The CG (Centre of Gravity) Lock has not only been proven to improve lap times but also a driver's posture on everyday roads. The latter might not sound like much but according to a customer survey 90% of users who wore an attached CG-Lock reported less back aches and pains.

This is because CG-Locks help stop a user's lower body slipping forward while driving and so keeps a user's pelvis correctly positioned, allowing for proper spine alignment without muscle strain.

This clever little device was even used in 007's latest outing in Quantum of Solace and comes highly recommended by Stunt Coordinator Gary Powell.

CG-Locks are priced £39.99. Order yours by calling the sales hotline on 0870 124 5625 or visit www.cg-lock.co.uk for more information.

Good News! We have two of these CG-Locks to giveaway in our reader offer, so to stand a chance of winning put your name and address on a postcard and send it to: Chris Hope, TBMW CG-Lock Competition, Kelsey Publishing Group, PO Box 978, Peterborough, PE1 9FL or you can enter online by visiting <http://www.great-cars.co.uk/competitions.html>
